## PROGRAM OUTCOMES FOR BA INTERDISCIPLINARY ARTS (HUMANITIES) (3-Year and 4-Year Advanced)

The BA in Interdisciplinary Arts (Humanities) supports Academic Goals 1, 3, and 4. We promote an Integrated Christian Worldview (Goal 1) by modelling and teaching a Christ-centred exploration of human nature, knowledge, values, and the arts by having students demonstrate engagement with great thinkers and artists who have shaped and continue to shape human culture through this lens. We promote Global Intelligence (Goal 3) by examining historical, literary, and philosophical contexts across different cultures that shape the modern world, and have students demonstrate awareness of diverse perspectives and worldviews. We promote Communication (Goal 4) by modelling and teaching forms of oral and written delivery of information and reading comprehension.
